

The Party

By Grade 7 Carnduff School Students and Carrie Catherine

Verse one

We're the ones that like to play
Any sport and every day
We love to hear the crowd cheer
We like to win, we have no fear

Pre-Chorus

This is us and we're going to the party

Chorus

We're all different and that's okay
We get along anyway
We party together...everyday

Verse two

We are in a party mood
We like to dance and eat junk food
We crank the music so loud
The neighbors weren't all too proud

Pre-Chorus

This is us and we are the party

Chorus

Verse three

We're the group that likes to sing
And play our own thing
Our music came on in the mornin'
We heard our favorite song yeah
The boys started rockin'
The girls started singin'

Pre-Chorus

This is us and we're singing at the party

Chorus

Bridge

We just came from the game
We now have the title name
We started playing
Our amps started flaming
Our beat went up and down the street
The party was so fun
On Friday we'll have another one

Pre-Chorus

This is us and that was the party

Chorus
