

# Don't Let It End

By Grade 7,8,9 Turtleford School Students and Carrie Catherine

## Verse one

Last exam of the year  
Then the summer is here  
We're going to the lake  
To celebrate

## Verse two

Set my books on fire  
I can smell the old campfire  
And the wood pine and the trees  
With the nice, warm, summer breeze

## Chorus

Summer feels so free  
I am going to escape  
Would you escape with me  
And see what I see

## Verse three

Take a look around  
Watch the sun go down  
Reflecting on the lake  
We take a break

## Verse four

There is a campfire by the lake  
Something sticky to make  
Marshmallows to roast  
I love this moment most

## Chorus

Summer feels so free  
I am going to escape  
Would you escape with me  
And see what I see

## Bridge

Summer is like listening to my favorite song  
I don't want it to end, I want it to go on and on  
I don't, I won't, I can't let it end (x4) double time (x2)

## Chorus

Summer feels so free  
I am going to escape  
Would you escape with me  
And see what I see
