

The Teacher Leaves the Room

By Grade 8 Dr. Brass School Students (Yorkton) and Carrie Catherine

Intro

Drop the books on the floor
If you want to hear some more
Scream our names
That's our game
Just don't ever drop our fame

Verse one

It's quiet in the class
At Dr. Brass
There is no talking here
There's a knock at the door
She crosses the floor
We wait for her to disappear

Chorus

3-2-1
It's time to have fun
The teacher...has left the room

Verse two

Students look around
Drop their books on the ground
They pull out their iPods too
Bust out their phones and start to roam
And listen to their tunes

Chorus

3-2-1
It's time to have fun
The teacher...has left the room

Bridge

The class is like a zoo
And the teacher is coming back
We stop dead in our tracks

Chorus/Outro

3-2-1
It's time to have fun
The teacher...has left the room
